Dear Mr. Lazar:

This responds to your Freedom of Information Act (FOIA) request of November 23, 1993, to the Federal Bureau of Investigation (FBI) for records concerning Joseph Peter Kamp. The FBI, on May 16, 2000, forwarded your request to the Department of the Army Freedom of Information/Privacy Acts Office along with Department of the Army records, retrieved from their files, for a releasability determination. Your request was forwarded and received in this office September 29, 2000.

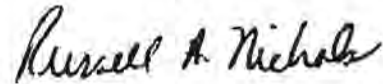

We have completed a mandatory declassification review in accordance with Executive Order 12958. As a result of this review, it has been determined that the information contained in the records no longer warrants security classification protection and is partially releasable to you. The records are enclosed for your use. Fees for processing this request are waived.

Since the release of some of the information deleted from these records would result in an unwarranted invasion of the privacy rights of the individuals concerned, this information is exempt from the public disclosure provisions of the FOIA per Title 5 U.S. Code 552 (b) (7) (C).

The withholding of information by this office is a partial denial of your request. This denial is made on behalf of Colonel Donald D. Woolfolk, Acting Commander, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You may appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be post marked no later than 60 calendar days from the date of this letter. After the 60 day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

If you have any questions concerning this action, please feel free to contact Miss LaRosa at (301) 677-2127. Refer to case #1742F-00.

Sincerely,

A handwritten signature in cursive script that reads "Russell A. Nichols".

Summary of Information:

The following unsolicited report is forwarded for your information:

"Status quo here is none too promising since "Joie" must find another office by June 1st (Navy taking over three floors there).

I am informed Kamp's book supposed to refute Carlson's "Undercover" is written and re-written and some things regarding the late Secretary Knox have been "softened" due to the recent demise of Knox. It is also reported that the money for financing this book came from certain parties in Chicago who are now sore at Kamp because the book is not out and while Kamp tells the thing is all ready and just waiting for the coming convention in Chicago, in reality the book has NEVER been printed due to Kamp's inability to get any printer to touch the thing.

On 5/17/44 at 4:30 P.M. Kamp was chasing downstairs in the building to gather up \$50.00 which had been "wired" to him through Western Union.

Kamp's small book supposedly known as "Lotions of Love" will probably be out next week though this about the fifth time it has been promised. This has also cause trouble and was reportedly done by some very small printer, the first order constituting 10,000 copies.

It is also reported that two of Kamp's valuable and capable "solicitors" have left him though I do not know WHICH ones they might be and Kamp's desk recently revealed a letter of "thanks" to a man named CANNON (of Cannon towels) for his contribution of \$1000. I believe the address is Muskegan.

Reports come from Kamp's office that MARTIN DIES will be more effective OUT of Congress and the DIES Committee than ever before since he will not be ham-strung

by either technicalities or formalities and DIES anticipates regular time on the radio (as in Winchell).

continues to be Kamp's "ace" investigator and between Kamp and Martin Dies such "homiescript" (?) outfits as Military Intelligence, Naval Intelligence and the F.B.I. will be sorry they ever existed.
